I shall be thankful if You please let me know the rules & regulations a member is necessary to observe & the remuneration one could expect in case he supplies a large number of old coins & stamps. An early reply is solicited.

Dear Sir:-

In response to your card of September 5th I am sending you, under separate cover, a copy of the Constitution and By-Laws of this Society, alsothe Proceedings of the last annual meeting. These contain the regulations regarding membership in the Society and other information regarding it. Should you desire to become an Associate Member of this Society, and if you are not acquainted with any member who could propose your name for election, it would give me pleasure to present your name on the receipt of any satisfactory reference as to your standing.

You asked regarding "the remuneration one could expect in case he supplies a large number of old coins and stamps", and I would say in this regard that this Society very seldom purchases coins; its collection for the most part having been received as donations, and it makes no collection of stamps.

Trusting to have the pleasure of hearing from you in due course, I am,

Very truly yours,

Secretary.
